SIERRA MADRE NEWS, THURSDAY, APRIL 28, 1949.

VOL. 43, NO. 27

Around
the Square

Bob Foote, the illustrious man-about-town, is still telling the story:

Of a coincidence in which two Sierra Madre girls met by chance in Vienna.

They were Foote's daughter, Blythe, who was attached to the American Legation at Vienna, and Frances Robertson, daughter of Postmaster Eddie R. Frances was with the American Legation at Sophia, Bulgaria, and presumably neither knew the other was even in Europe.

One of the girls had a toothache. The other also suffered a minor ailment. Frances journeyed from Sophia to the hospital. And whom did she find in the waiting room of the hospital but the other home-town girl, Blythe.

We liked the story, but it had a familiar ring. A galley slave checked through the files. Sure enough, in an issue of the NEWS for February, 1948, there it was.

Right or wrong, Pete Ward's week-end specials of local merchant offerings found on the back page of every issue have terrific drawing power.

Take for example the Marjorie Jones Shop ad a week or so back. Women poured in to buy slacks at \$4.95, sizes 6-12.

Trouble was that the ad had omitted the word BOYS before SLACKS—and the women just couldn't make 'em fit.

Supervisor Ray Darby pointed out this week that a survey showed that it would cost \$1,000,000 to build a county salt water swimming pool.

The Board of Supervisors said NO.

The survey had been made to determine the need for a salt water swimming pool at, of all places, Zuma Beach—one of the county's finest beaches on the world's biggest salt water swimming pool—the Pacific Ocean.

One of the city's younger and more imaginative businessmen the other day said that he was the "youngest businessman in town."

Such a statement of fact couldn't be taken without a check. But we decided that it might be quite a distinction.

At any rate, we decided not only to make a check, but to run a contest—a prizeless contest, maybe, but a contest—which would seek out and glorify the man who is the youngest businessman in town.

Nominations are in order. We'll make up the rules as we go along. As a matter of fact, we'll let you help make up the rules. That is, we will if we happen to like any rule you suggest.

We realize that nominees themselves are too bashful and modest to enter their own names in this contest. So wives, sweethearts, mothers, fathers, sisters, brothers, friends and enemies are urged to write to Squarehead, c/o NEWS.

Yes, we know we'll have to end up by digging them out ourselves. But we'll get them. And we'll report the findings here.

Mrs. A. E. Morgan didn't get any bargain by accepting membership on the Planning Commission. As the commission's recording secretary she got paid \$5 a meeting for taking the minutes in shorthand and then transcribing.

Now she will have to do it all but not get paid for it. Besides she'll have to get there an hour early for the pre-meeting "briefing" and carry whatever worries planning commissioner's carry.

LORNE PRATT
TAKES OVER
LOCAL STORE

Lorne Pratt, who has claims to "the youngest merchant in town" title, will take over next week the complete management and ownership of Pratt's Market at 331 West Sierra Madre Boulevard.

A home bakery will be added to the store, Pratt announced, within a week. Complete remodeling and repainting are now in progress. A new produce department will be installed.

Additional employees have been added to the staff, Pratt said. Carl Burt remains as manager of the meat department, Dick James as produce man, and John Kennedy in the grocery department.

Waverly Pratt, the former owner and manager of the store, will move to Lancaster to become a rancher.

WISTARIA VINE
CLOSES SUNDAY

The world's largest Wistaria vine will be open to the public through next Sunday.

That day will mark the end of the 1949 Sierra Madre Wistaria Fete and Flower Festival which has again brought thousands of visitors to see the famous vine in blossom.

Visitors from all over the nation and from many foreign countries walked under the 57-year-old vine which this year had more blossoms than ever before.

Girl Scouts
To Present
Festival

There'll be dancing around the Maypole this Saturday when the Girl Scouts hold their "Come to the Fair" festival from 2 to 4 at the City Park.

Folk dancing directed by Mrs. William Rogers and choral selections directed by Mrs. Richard O. Richards will feature the afternoon's entertainment. Gay food booths will be provided for refreshments and a wishing well for the Juliette Lowe (founder) fund will serve just the spot for those odd pennies of members and friends.

The girls will be in costumes made by themselves, each troop representing a different country. All troops will participate.

The festival is not a money-making project, but rather a program of accomplishments taking the place of the annual court of awards. Mrs. George E. Osborn is chairman.

The public is cordially invited.

"DAGGER DAY"
SET FOR SATURDAY

Saturday, April 30 will be "Dagger Day" for the Cancer Fund Drive in Sierra Madre.

It is the last day of the drive and will highlight the Society's 1949 educational and fund raising campaign.

Throughout the day a Cancer Trailer will be stationed between the Bank of Sierra Madre and the Sierra Madre Hardware with a lighted educational display regarding cancer research. Members of the Civic Club aided by members of some of the youth organizations will be on hand to welcome the public to the exhibit.

Sierra Madre's quota has not been reached. This is the last week. Dagger Day is the last day. Don't forget your donation.

CITY LICENSES TO
BE REQUIRED FOR
DELIVERY TRUCKS

Foreign trucks—that is, trucks not registered in the city—will have to take out licenses to make deliveries here under an ordinance which received its first reading this week.

The law, when it becomes effective, will cost operators \$12 a year per truck to do business in town. The fleet rate will be \$60 a year for more than five trucks providing that not more than five trucks make deliveries in town during any one day.

Tags will have to be bought from the city clerk at the rate of 50 cents each. Penalty for violation: maximum of \$300 fine or six months (or both, of course).

Residents in the west end of town this week protested the proposed construction of a Catholic boys' high school in Pasadena at the northwest corner of Sierra Madre boulevard and Michillinda avenue.

But the City Council told them that they had come to the wrong place.

Because the residents live within 400 feet of the site, they were notified that the Pasadena Planning Commission was to hold a public hearing on a petition for a zoning exception to allow the school's construction.

City Attorney T. Guy Cornyn pointed out that Pasadena has full control over the granting of a zoning exception there and that the City of Sierra Madre has no jurisdiction.

He said that the city could protest, if the change as proposed would affect the city unfavorably, but that Sierra Madre residents could also appear as protestants at the hearing.

The council also:

1. Told Pearl M. Nash of 20 S. Baldwin avenue that the city did not look favorably on her suggestion that it vacate an alley adjoining her land and deed it to her so she could

improve it and remove dust and weed nuisances.

Said Cornyn: "It doesn't look like a good idea to me. The City may need it some time."

Said Steinberger: "We don't have too many alleys now. We hadn't better give any of 'em away."

2. Told the American Legion Auxiliary that water lines had been restored to the cemetery. The organization had asked for water so that the veterans' graves could be decorated again on Memorial Day and the cemetery properly maintained.

3. Authorized a survey of Baldwin avenue from Orange Grove to Alegria avenues for eventual street improvements.

City Engineer William Taye, said that it would take about two months to get state money.

City Attorney T. Guy Cornyn was this week instructed to represent the city's interests at a hearing next month before the State Public Utilities Commission on the Pacific Electric's petition for abandonment of rail lines with bus substitution.

The hearing has been set for May 11 and 12.

Cornyn, who is also city attorney for Arcadia, announced that he would be present at the hearing for Arcadia.

The Council said he might as well get in a few representative remarks for Sierra Madre too.

Highland Ave. To Get
Temporary Pavement

Residents of Highland avenue between Mountain Trail avenue and Canon drive this week had assurance of some street improvements to eliminate the dust.

The thing is, however, that the residents on the street will have to bear six-sevenths of the cost. The city will pay for the rest.

This distribution of costs was required because it is an unimproved street, and the city is responsible for improving only one-seventh of it (about

Two new members will take their places on the city Planning Commission at its regular monthly meeting tonight.

They are Mrs. A. E. Morgan and W. W. Gildersleeve. Their appointments were announced Tuesday by the City Council.

They replace Commission Members Frank Spencer and Webster Vannier. Spencer, whose four-year term was up, told the Council that he would not accept reappointment. Vannier simply resigned.

Rehearsals will be held at the Grammar School Monday nights at 8 o'clock.

Costume Ball

Plans will be completed this noon at the Chamber of Commerce luncheon meeting, for the Costume Ball, a square dance, inaugurating Pioneer Days of 1949. This is the first night of the annual celebration sponsored by the Lions Club.

Several professional square dance callers and bands are being considered for the event, said Chamber President Al Morgan.

"We can't name the band as yet," he said. "But I can promise that it will be a good one."

The Ball will be strictly a costume affair. No one will be admitted unless in a costume befitting the spirit of Pioneer Days. The Woman's Clubhouse will be decorated and the street in front of the Clubhouse roped off for outdoor dancing.

FRIENDS SERVICE HEAD
CIVIC CLUB SPEAKER

Charles McEvers, Secretary of American Indian Work for the Friends Service Committee, will speak at the Civic Clubs open meeting tonight at the Parkhouse at 8:30 p. m.

"Laff it Off," the home talent variety show using a large cast of local people, will open a 2-night run next week (Friday and Saturday) in the Sierra Madre School Auditorium, under sponsorship of the Civic Club.

The production has a newspaper background and brings headlines to life as various celebrities such as Walter Winchell, Hedda Hopper, Dorothy Dix and others are impersonated. All local talent will impersonate the big names in the news and behind the news.

Clever singing and dancing numbers will be performed by girls in the Mariner Scout troops. Square dancing groups from the Congressional Church and the Sierra Madre Weavers and old-time Westerners will put on a Pioneer Days scene.

Cast in the play thus far are: Lorne Pratt as Walter Winchell; Pappy Welch as Pappy Chisselfinger; Jack Butler as Rochester; Ralph Hurwit as Daisy Mae; Bob Stetson as Sparkle Plenty; Barbara Heasley as Judy Canova. Clyde Hoover will be square dance caller.

Winners in the Tiny Tot Popularity Contest currently conducted by the Civic Club will appear on both nights of the production. There are about 30 entries in the contest to date, reported contest chairman, Marion Eyre, and the winners will be announced next week.

Members of the cast are still being selected and rehearsals are due to begin this week. A professional director has taken charge of arrangements and will hold the rehearsals for the

The production is to be given at Irving High School, Los Angeles.

Antique Jewelry, Silver At Woman's Club Tea

An exhibit of antique jewelry loaned by members of the Woman's Club and other organizations was on display at the tea at the Woman's Club yesterday. Antique silverware was also used on the tea tables.

Mrs. Marion Galbraith, noted lecturer, spoke on the jewelry and the silver and explained the history of various patterns and designs.

Mrs. Loree Snell was tea chairman, and Mrs. W. S. Hull was in charge of tea tables.

Almost 200 people attended the Wistaria Ball at the Woman's Club last Saturday. The dance was a "definite success" reported Mrs. Loyd Wilson, chairman of arrangements.

Mrs. Harry Owens spent the entire day on club decorations and Mrs. Loree Snell was a member of the food committee.

CAA NOTES FORMER SIERRA MADREAN

Jim Dewey, son of Alfred Dewey, and of Sierra Madre, now "more or less settled" on an acre in Chino, recently received top flight assignment to "Personality of the Month" from Region VI in the Monthly Newsletter published by the Civil Aeronautics Administration.

"No one to our knowledge has ever heard him raise his voice or has seen him lose his temper," so reports his associates in the Ontario Aviation Safety District Office where "mild-mannered and soft-spoken" Alfred J., Jr. is Aviation Safety Agent.

Jim's varied aviation background is reviewed from his A. and E. Mechanic start through his Owner-Operator-ship of a flying school, his volunteerism in the USAAF, including First Pilotship on the Hump Route from India to China, and his numerous assignments in CAA, "so many in so many different localities that he hesitates to ask a stenographer to type his Form 57."

And though CAA fails to mention it, Mrs. Jim (Gwen) is remembered here for her accomplishment as former Civic Club President.

'Work Only' For Lions

Lions Club meetings for the next several weeks will be entirely business meetings, said Program Chairman Al Morgan. Arrangements for Pioneer Days are in the final stages and demand the time and attention of all Lions, he said. The Lions Club unanimously agreed at its last meeting that the Chamber of Commerce should sponsor the kick-off Costume Ball set for the first night of the Pioneer Days celebration.

Scoutin' Around WITH BERT EMBREE

WORK AND PLAY

Troop Three has various plans under way for pre-Camporee hiking and wood-lore to better themselves in competitive camping. After a serious and active meeting last week, they were treated with several reels of comedy films presented by Hans Gutherz.

BUSY BUILDERS

I hear that the Explorers are going to be busy at the Camporee building a typical log-cabin bridge for their exhibit. They are also going to use their tent-trailer at the First Aid Station.

BANNERS TOO

Talking of the Camporee, my job in the affair is to be sure that all you people know what is going on. Through my column I'll relate the plans and ideas to you. About a week before May 21 and 22 you will begin to see reminding posters around town, then banners will be added to the streets just so you won't forget that you are cordially invited to witness the boys' local camping spree.

You, as citizens that sponsor the Boy Scouts, should come out to see their displays which show their gratitude to you. Remember to plan on being in town that weekend.

Rifle Clubbers, Note!

The Santa Anita Rifle Club of Sierra Madre will not meet Friday, April 29 due to "Open House" to be held at the Sierra Madre School.

FIRE FLAMES

Are there any who are not watching the progress of our "Main Street" as the new store fronts appear? Alterations require labor, labor provides jobs and when a fellow has a job, he spends his money—so after all there can't be much waste to improvements.

Why not have more? And if other localities will look around throughout the buildings, they might find where a lot of discardment would improve conditions greatly. As fire fighters, we lean toward fire prevention and therefore recommend "Cleaning-Up" for fire safety.

There are known shops that have rubbish in places that would hinder the fighting of a fire and would create much flame and smoke. Do we have to have a calamitous fire before some of us wake up to the danger of unnecessary rubbish and inflammables around the premises?

Ladies and gentlemen, FIRE IS A TERRIBLE THING! We can't afford to fool with it. A clean building will aid much in preventing the spread of fire if one should start.

Think of the difficulty in extinguishing the flame of burning tires, old sacks, oily rags, most of which are covered with immovable heavy materials. Such conditions do exist and it may be necessary to use the law to remove them. Let's hope that our supporters will work with the fire department and get started on the "CLEAN-UP."

Your fire department men are vitally interested in putting out fires, but much more interested in keeping fires from getting started. Prevention is safer, saner, a gainer, and less costly. COST alone should interest most of our loyal citizenry. They object to lots of things that are beneficial. If they realized the great saving that FIRE PREVENTION gives to the community, they'd surely be for it. Let's get together and make a "CLEAN-UP."

Included in the visitors to the recent San Gabriel Valley Firemen's Association meeting held at Pomona, was Mayor Steinberger and Fire and Police Commissioner Henry Nuetzel. To the Mayor this is an old custom. It is expected that further visits will be made by our Councilmen. As is the custom, the visiting fire fighters from Sierra Madre were late because of having gone the long way around, due to the directions given by George Norris. He never seems to find the right road.

It was fine to see Tom Solury back after a visit to the East. The Solurys were absent from town for several weeks. Our new member, Hubert Kelley, showed the spirit of making a good fire fighter. He appears to fit right in the circle. Even tho' the corner was shy the boisterous example of disruption (not using any names), Joe Grippi was still able to pick up a few dimes now and then.

The fire fighters voted to support the American Legion Junior baseball League. George Norris reported on the aforementioned SGVFA meeting at Pomona. (It will soon be our turn to entertain the SGVFA in Sierra Madre. Sumpin' doin' all the time.) George also reminded the fellows that it is not too long until State Convention time.

We were furthermore remind that Fourth of July picnic time is closing fast. The Fourth of July picnic has been solely supported by the funds of the "cuss can" which makes it a fire department self-supporting event. The more we cuss, the more we eat on the Fourth.

In all sincerity and with the best for the best, let's keep the FIRES OUT.

Start Will Be Pushed

Chairman of the commission, Al Morgan, said that the city is in "dire need of a softball facility, and we intend to do something about it for this coming summer."

He pointed out that the diamond site, the dumping ground, will be cleared as soon as accumulated rubbish is burned. Up until now the burning has been banned by the Air Pollution Control District which last summer closed down the dump. Permission, however, has been granted for the final burning.

The Council has ordered the clearing of the land, but to make it acceptable as a softball diamond some money will have to be spent on it, it was pointed out.

As for a swimming pool, Morgan said that long range plans will have to be developed for its construction. Cost will amount to at least \$25,000. In the meantime, he said that the recreation commission plans on running a school bus to the pool in the Canyon during the summer.

The bus would run from the school so that the pool can be available to all children of the city, he added.

Woman's Society to Entertain Consorsos

The Woman's Society of the Congregational Church will be hostesses to the Conserso and their husbands on Tuesday evening, May 3 at 8 o'clock in Pritchard Hall.

George Black of Sierra Madre, guest artist, will entertain with music and pictures and Mrs. Richard O. Richards will present her choir of twelve girls in three numbers. The evening will close with a brief business meeting for the election of Woman's Society officers.

Husbands of the Society are also invited.

Scoville Sisters On Youth Program

The Scoville sisters are among the musical talent appearing at the meetings of the United Youth Crusade at the Pasadena College Auditorium.

The Crusade meetings, which started Easter Sunday, will be held at 7:30 P. M. until May 1 under the direction of Merve Rosell, author, musician, and evangelist and featuring Howard Skinner, Michigan's famous bass soloist.

BOY SCOUTS HOSTS FOR FAMILY NIGHT

Boy Scout Troops 1 and 3 with their Scoutmasters and Assistant Scoutmasters, Lewis McClelland, Verg Smith, Woody Honold, Emmett Black and Charles Elliott, will be in charge of "Family Night" at the Congregational Church, Wednesday, May 4th at 6:15 p. m.

A program of entertainment based on the monthly theme of "Woodlore" will be given by the Scouts.

Dinner schedule: if your name starts with A-I, bring a hot dish; J-Q, bring a salad; R-Z, bring a dessert. Each family is to bring its own service, dishes, milk, and bread.

All parents of Troops 1 and 3 are urged to participate in this "Family Night" and to enjoy the craft classes and interest groups which follow the program.

PRESCRIPTIONS

A PRESCRIPTION is a very personal thing. Not even a member of your immediate family should use a prescription ordered for you without your Physician's full approval. The symptoms indicating a certain illness in your case need not necessarily indicate the same illness in another person. Actually, your prescription could do the other person more harm than good! It is because each of us in an individual that prescriptions are required. Otherwise, out of the great variety of drug preparations available commercially it would even be unnecessary to go to a Physician for a treatment. Further, because you are an individual, and your Physician deems it essential to order a prescription for you, it is likewise essential that prescription be compounded from fresh, potent ingredients. An experienced Pharmacist, such as we have on duty here at your Rexall Drug Store, should do the compounding to guarantee accuracy in every detail.

The next time you have a prescription to be compounded, remember it is your "Key to Better Health." Bring your prescription to us and we will guarantee accuracy in compounding, potency in ingredients, and reasonable prices made possible by our partnership in the great family of over 10,000 Rexall Drug Stores throughout the Nation.

We've marked the whole works down to \$5, for Thursday, Friday and Saturday. Or maybe I should say "As long as they last THURSDAY." A few boys' suits, too, sizes 3 to 5, formerly 12.95, will be included for \$5. WOW!

Letter to the Editor

Editor: Sierra Madre NEWS:

This is a good time to bring up the problem of another menace to our children, namely the FISHPOND!

No child can resist an accessible pool of water, and it is the first place he will go when his parent's or teacher's back is turned.

We, the bright people of Sierra Madre, have closed our eyes to this menace and have actually placed, without fencing or screening, two fish ponds on our own grammar school grounds. Our youth, four-and-a-half on up to ten, eleven, and twelve years of age, are exposed daily to death, not only from drowning, but from the numerous germs prevalent in any pool of stagnant water. It's a crime these pools are where they are, and have not been eliminated long ago.

Let's keep Sierra Madre's youth safe, and get rid of these death-traps right away, before a little child will have to die to wake us up.

Sincerely yours,
Mary Holtz (Mrs. Russell A. Holtz),
189 North Hermosa Avenue.

Set No Date For Hearing On Rents

No rent control hearing will be held in Sierra Madre until the governor's council makes recommendations for procedures to be followed.

The councilmen last week by agreement informally called off the meeting set originally for last night. Governor Earl Warren had warned that he would give no consideration to a council's recommendation that had not been founded on the rules.

Under the new federal rent act a city cannot be decontrolled until a public hearing has been held on ten days' notice to the public. A city's legislative body must determine from the hearing that no rental shortage exists that requires the continuation of rent control. A recommendation for decontrol then must be made to the governor who gives final approval or disapproval.

In a statement last week, Attorney Noren Eaton said that Governor Warren's stand was "a political stand."

An experienced caller, a center balloon decoration (ask Harold Roberts how it feels to inflate 144 balloons), and real cider made the evening a rip-roaring old-time success.

Hosts and hostesses were Thomas Meader, James Moore, John Moreman, Donna Robertson, Leila Roberts and George Blomquist.

Jean Vieira Bride of Reginald Doughty

A home in Oceanside was the destination of Mr. and Mrs. Reginald Hall Doughty following their wedding Sunday afternoon at Bethany Church.

Over 100 friends gathered in the rose-filled church for the ceremony performed by Rev. Clarence Nida.

The bride, the former Jean Vieira, daughter of Mrs. Nellie Vieira of Woodland Drive, wore a pastel pink suit, white accessories and a white camellia corsage. She was attended by her sisters, Virginia and Olive, wearing blue and beige suits and rose rosebud corsages.

The groom was attended by his brother, Lawrence, and Lawrence Perry. Ushers included Val Mariotti and Arnold Brown.

The young couple both served during the war, the bride as a WAC in Europe and the groom as a Navy signalman.

Predict Fair Fishing For May First

With their fingers crossed, wardens of the Division of Fish and Game have made their annual advance prediction of conditions that will greet California anglers on the opening of the general trout season May 1.

They predict an average of "fair" fishing in the 47 counties open to trout angling during the month of May.

If no appreciable quantities of rain or snow appear, the general outlook is "good" to "excellent" in Butte, Del Norte, Los Angeles, Napa, Orange, Shasta and Tehama counties; portions of Inyo, Mono, Riverside, San Bernardino, San Diego and Siskiyou counties; and in Alameda, Arrowhead, Butte, Crowley, Donner and Tahoe lakes.

Heavy snow or run-offs bring a prediction of "poor" to "fair" angling in Fresno, Glenn, Kern and Trinity counties; and portions of Inyo, Mono and Siskiyou counties.

Lack of water in streams and lakes means "poor" to "fair" trout fishing in Merced, San Luis Obispo, Santa Clara and Ventura counties; and portions of Monterey and Riverside counties.

The May 1 opening applies to all counties except Mariposa, Tuolumne, Alpine, Calaveras, Amador, El Dorado, Placer, Nevada, Sierra, Plumas and Lassen counties, where the season opens May 30. Alameda, Butte, Donner and Tahoe lakes will be opened May 1, as will the Pit River and tributaries in Lassen county.

Bag and possession limit is 15 trout, salmon, or Rocky Mountain whitefish, or any combination of the three species. Weight limit is 10 pounds and one fish, except that a minimum of three fish may be possessed, regardless of weight.

Padua Hills Play To Be Staged Through May 14

"En El Mes de Mayo," the Mexican Players' 16th annual production of the fiestas for San Ysidro, at the Padua Hills Theatre, will be staged Wednesday through Saturday evenings, and Wednesday and Saturday afternoons, through May 14.

The spectacular play tells a modern story of the two-day fiesta in honor of the patron saint of Mexican farmers to implore San Ysidro to send rains to insure good crops.

Colorful ritual dances originating in pagan ceremonies to the Aztec rain god, Tlaloc, are contrasted with modern dances and romantic songs typical of the State of Tamaulipas, setting of the play.

TO... ALL PROPERTY OWNERS

Members of the Arcadia Realty Board have adopted a resolution, agreeing to...

Discontinue the use of all "For Sale," "Sold" and "Open House" signs, arrows, flags, etc. . . . on all residential properties, improved or vacant, except in cases where a Realtor has an exclusive agency on a vacant lot one sign is permitted (provided, of course, deed restrictions permit signs).

We believe that the promiscuous use of signs is depreciating all property values.

While this is a local movement at present, every Realtor in California will be watching our efforts with interest.

Should you wish to discuss this or any matter pertaining to Real Estate, any of us who display the Realtor emblem will be pleased to hear from you.
